#### New Record Established for Tennessee Cattle.

East St. Louis, Mo., April 14.—A new record was established in the cattle division today when three loads of Tennessee steers cleared at \$17.15 per cwt., the highest price ever paid on this market for cattle out of that state and the top of any steers on the market today. The previous record was established on July 1, 1918 when a load of Tennessee beeves cleared at \$17.10. The consignment consisted of 45 head of 1,350 pounds average. Armour & Co., made the purchase. Kirk Wells, prominent feeder of Obion County, Tennessee, accompanied the shipment in person and expressed himself as well pleased with the sale.

Mr. Wells said, these cattle were bought on the St. Louis market in October 1917, and that he had them fed for about four months. At the time of purchase they weighed 505 pounds and cost \$7.50 per cwt. They were started on a feed of broken corn, and kept on this feed for about thirty days. After this they were fed a ration consisting of ensilage, cottonseed meal and crushed corn. This ration proved very satisfactory, putting on an average gain of 2 1/2 to 3 pounds a day. On the last twenty-one days the gain was 57 pounds per head.

These beeves were of mixed breeds, consisting principally of blacks, reds and whitefaces. They showed the effects of good handling.

#### HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui, "It's a good medicine, and good for that trouble," so he got me 5 bottles. After about the second bottle I felt greatly improved, before taking it my limbs and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my housework and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

The Treasury Department has advised every holder of bonds of the Fourth Liberty Loan to reinvest the half-year interest which was due April 15th, in Thrift Stamps and War Saving Stamps. The Government's thrift campaign offers Liberty Bond holders, particularly the holders of single bonds and small lots, an opportunity to place their Liberty Bond interest immediately at work for the Government at a lucrative interest rate. Liberty Bond interest coupons, as such, do not earn interest. They are the interest. Invest in War Saving Stamps the interest will earn four per cent compounded quarterly, will be safely invested, and will be always available for a pressing need.
